

WAVERLEY BOROUGH COUNCIL

EXTRACT FROM THE STATUS SURVEY 2003

36. Priorities for improvement

Respondents were invited to prioritise from 1 to 8, with 1 being the most important, down to 8 as being the least important. The table below shows the cumulative results for those who indicated an issue as priority 1 or 2, or simply ticked the box.

Base: All Answering, 1,457

Non Response: 13% (216)

window improvements	46%	kitchen improvements	35%
bathroom improvements	30%	improve your front door	22%
security improvements	21%	structure, e.g. roofs	20%
sound/noise insulation	18%	heating improvements	16%

Looking at differences across the areas, there are three major differences. Those living in Godalming and Cranleigh expressed the highest interest for improving windows, 61%. A quarter of those living in Haslemere would like sound/noise insulation improvements and 24% of those living in the East villages would like heating improvements. The general results are illustrated in the diagram below:
